1. Background

This report covers the information on the engagements done with various concerned stakeholders (Govt. - UMC, UIT, ICDS, Education, Medical & Health Department, Traffic Police etc, NGOs/CBOs/Urban Practitioners – local architects, subject experts etc.) in the months of Feb'23-July'23 under the Urban95 Phase-II program with respect to various ongoing and proposed activities.

2. About Urban95 Program

The Bernard van Leer Foundation's Urban95 initiative seeks to make lasting change in the city landscapes and in the opportunities that shape the crucial first five years of children's lives. It is rooted in the belief that well-functioning neighborhoods in urban areas foster strong communities as well as economic development. BvLF supports citywide initiatives through technical and financial support to partner cities.

3. Urban95 Phase-II

Following Urban95 Phase-I, Udaipur has now entered Urban95 Phase-II, which focuses on scaling up and sustainability of various “lighthouse” projects in neighborhoods, streets and junctions, parks, and health facilities, incorporating Urban95 components in the policy. It promulgates the idea to build a broad coalition of support using trainings and peer learning, enhancing the institutional capacity and to involve relevant stakeholders in initiatives and projects.

4. Summary of the Events held

Widespread stakeholder engagements were done with respect to the various events held and to finalize various documents with concerned stakeholders from Feb'23 to July'23. The details of these events & engagements are as under:

Inauguration Events

A. Inauguration of the Semi-Permanent Project implemented at Aanganwadi Centre, Manoharpura, Badgaon

a) Preparatory works

PMU targeted various on-ground engagement activities with the support of UMC and Aanganwadi staff of Aanganwadi Centre (AWC) Manoharpura to successfully host the semi-permanent works implemented at AWC Manoharpura. These works included completing the finishing works through the contractor, cleaning of the site etc. while interactions were done with the caregivers for their participations as well as to bring & develop the sense of ownership among them. Details of the various preparatory works are as below:

- a) The semi-permanent works were completed few days before the inauguration event which included the civil works, paint works, installation of the solar system model etc. The finishing works which included works related to paints (swings & slides), edge repairing (civil & metal) etc. were also completed in co-ordination with the contractor two days before the event.
- b) Meetings were held within Health department of UMC and accordingly the site was washed and cleaned before the inauguration event.
- c) The wall paint works were repolished (shiner) and the floor paintings works were completed before the inauguration event.
- d) Coordination was conducted with the Ajmer Vidhyut Vitran Nigam Limited (AVVNL) department for cleaning of the transformer located outside the school premises along with its checking (current leakage, wirings) etc. for safeguarding the entry of the school. Accordingly, the work was accomplished before the inauguration event.
- e) Meetings were conducted with the caregivers of the AWC to keep them in loop (discussing the implementation works) as well as to bring the sense of ownership among them with reference to the semi-permanent work implemented at AWC Manoharpura.
- f) Site décor was completed with the help of a vendor at the AWC premises a day before the inauguration event.
- g) Coordination was done with officials from various Government departments including UMC, ICDS, Health etc. for inviting them into the inauguration event.

b) Inauguration of the Semi-Permanent Works on 10th Feb'23

The Semi-Permanent works implemented at AWC Manoharpura was inaugurated on 10th Feb'23 by Mrs. Kirti Rathore, Deputy Director ICDS & Mrs. Ragini Damor, Deputy Commissioner Udaipur Municipal Corporation in the presence of the Mr. Bhanwar Gameti, Ward Councilor, staff of the AWC Manoharpura & the staff from the nearby AWC Centers, children & their Parents of the AWC Manoharpura and team members from PMSU & PMU teams.

Meetings & Workshops

A. 1st Stakeholder Engagement Workshop for discussing the Child Safety Guideline Framework

A **Stakeholder Engagement Workshop** was organized on 7th Feb'23 to discuss the **Child Safety Guidelines** framework prepared by PMU with the concerned stakeholders in the mini-meeting hall of the UMC. This meeting was chaired by Mrs. Ragini Damor, Deputy Commissioner, UMC. Participants from various concerned Government departments & Non-government Organizations from Udaipur city participated in this stakeholder engagement workshop. Details of the stakeholder engagement is as under:

- a. PMU team presented the background, need, vision & objectives of the Child Safety Guidelines before the participants with a focus on the 5 core objectives of the Urban95 Program to make the participants understand about the workshop.
- b. PMU team presented the data on the non-fatal injuries of the young children with a comparison of the data from National, State & City. It was that the causes of the 74% of the total registered cases were due to the falling of the children, road accidents, hitting/bite by strays & insect/reptiles biting.
- c. Challenges faced by young children with regards to the infrastructure at the neighborhood level (with a focus on the accessibility, playfulness & safety) were shared through a case study. Behavioral challenges faced by the young children were also shared during the presentation.
- d. Participants were divided into four groups as per their expertise and subject domain for the group exercise to take their suggestions. Participants were requested to share their suggestions on the indicative elements while taking the core objectives of the program into consideration.
- e. Suggestions of the participants were taken through the group exercise and the existing draft structure of the Child Safety Guidelines was presented before the stakeholders.

D. 4th Capacity Building Workshop

The 4th CBW was organized on Friday, 14th July 2023 at Board Meeting Room, Udaipur Municipal Corporation (UMC), with the attendance of approx. 116 participants (mix of in-person- 104 nos. & virtually on Zoom Platform- 12 nos.), a good mix of government and non- government officials/ personnel (Private Sector, NGOs, Colleges, University etc.).

Scheduled for 1.5 hours, the workshop turned out to be an interactive one with in-person Q&A round and appreciation by participants not only for workshop content but also in getting clarity on, 'On- ground Implementation Process and its stages', which forms the important part in understanding the technicalities of project execution and also in understanding the importance of 'Post Implementation Impact Assessment', once the project is completed to check whether the project outcome has met its envisaged objectives or not via various means, methods and techniques to gauge the same.

Mr. Yougal Tak, Urban Development & Institutional Expert from PMU presenting in the Capacity Building Workshop

Mr. Pushendra Srivastava, Team Leader PMU explaining the various stages of the on-ground implementation process

7. Way Forward

As a result of rigorous stakeholder engagements conducted with the concerned stakeholders on the designs/ideas prepared by the PMU, the team was able to move forward/making progress on the tasks.

It was targeted to conduct rigorous stakeholder engagements with the concerned stakeholders to make progress under the deliverables. PMU targets:

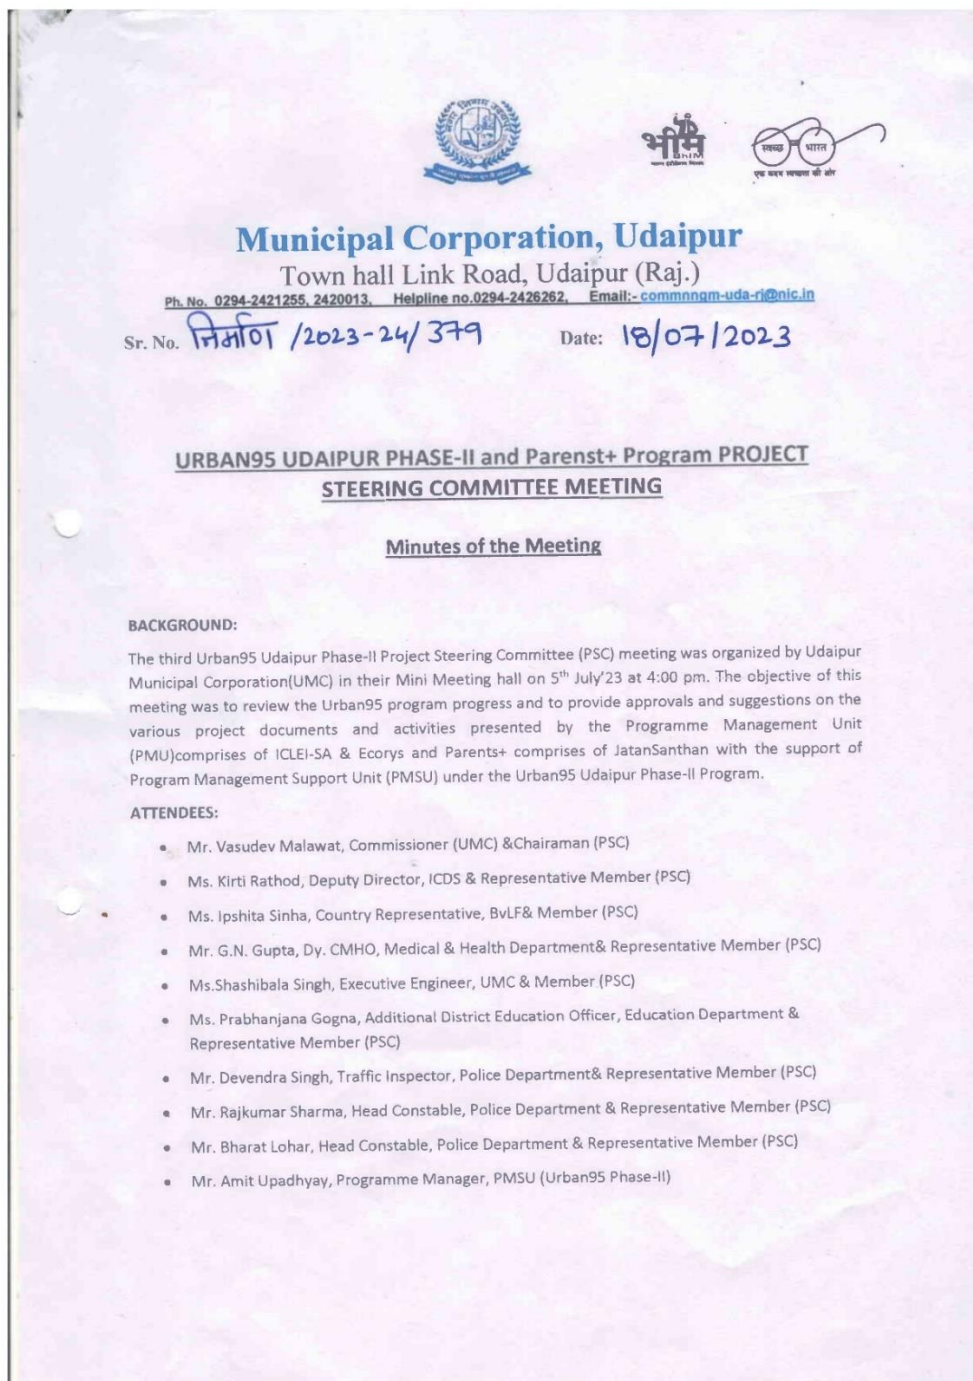

1. To organize the 2nd Urban95 Udaipur Kids Festival by August'23
2. To organize the 5th Capacity Building Workshop by August'23.
3. To organize the 1st Urban95 Phase-II annual conferences for knowledge sharing by Oct'23
4. To organize the 2nd Urban95 Phase-II annual conferences for knowledge sharing by Dec'23.
5. To monitor the on-ground implementation of various projects like CPZ Ashok Nagar, CPZ- Neemuch Kheda, Sensory Park, Development of 1.5 kms shared connected street & three family friendly junctions and retrofitting projects. (once taken into implementation by UMC)
6. To organize stakeholder engagement with the concerned stakeholders/officials from the development agencies on the ITC Master Checklist document by August'23.
7. To disseminate the ITC Master Checklist document & Child Safety Guidelines by the end of this year.
8. Organizing closure/ learning conference & submission of learning report - comprehensive lessons learnt report.

PMU team envisages having meetings with various important stakeholders on regular basis to showcase the progress as well as to keep them intact in the decisions taken. It shall help in moving the things forward and to keep the stakeholders active.

- Discussion with UIT regarding Development of 1.5 kms Child Friendly Stretch and 3 Family Friendly Junctions: The Project related to the Development of the 1.5 kms shared connected street and 3 family friendly junctions was presented by the TL PMU before the PSC members in detail. It was apprised to UMC Commissioner that the Saheli marg upgradation work is in progress and while the work is being executed by UIT, it is requested to facilitate the discussion with UIT officials. UMC Commissioner and Executive Engineer suggested that it shall be beneficial if the child friendly elements suggested by PMU can be integrated into the existing work progress on Saheli marg. He also suggested that he will discuss further with the UIT officials and simultaneously the same can be discussed with District Collector also. To make junctions more interactive and child-friendly, the Committee proposed allocating lights and colorful elements to enhance the overall experience of children and promote their engagement and safety at junctions which was assured by the PMU team.
- Development of Sensory Park at Gulab Bagh – TL PMU presented the detailed designs of the sensory park from DPR with an focus on explaining about the proposed sensory elements envisaging providing cheerful environment with overall development of the

young children. The designs prepared by PMU team were appreciated by the UMC Commissioner and the Executive Engineer UMC. The sustainability of the elements used were discussed on which it was apprised by the PMU team that the DPR also includes the cost of five years of maintenance. The location advantage of the Sensory Park was discussed in the meeting and it was agreed by the PSC members that developing the sensory park within the Gulab Bagh would be the appropriate location as it is the city level park having high footfall of children and caregivers. UMC Commissioner assured that the Sensory Park development shall be taken care of by the UMC.

- The **Urban95 ITCN Dashboard** was presented before the PSC Committee on which the Committee acknowledged the advantages of tracking the project activities through a digital system in the form of a dashboard. It was highlighted by PMU that the dashboard would enhance transparency, accessibility, and monitoring of the project. The stakeholders agreed that a digital platform would enable effective communication and data sharing among various stakeholders involved in the project. Discussion was held for hosting the dashboard through the UMC website which was agreed by the PSC members along with bearing the cost for its operation, maintenance and Sms. Public access of the dashboard was discussed in the meeting on which PMU & PMSU teams apprised that relevant project information viz. no. of projects, behavioural impacts, footfall, engagement no. etc. shall be provisioned through graphs & charts for public viewing on discussing the public grievance addressed on the projects. It was apprised to the PSC members that UMC website does have the grievance tab which can address it while for anyone willing to connect for ITCN project progress, a mobile number of a designated nodal officer can be shared to receive the public inputs.
- **Child Priority Zone (CPZ)-Ashok Nagar** – The concept of the Child Friendly Zone was presented before the PSC members along with the prepared designs for the CPZ-Ashok Nagar. The Committee recognized the need for development of safe play areas in the neighbourhoods with an approach of learning while playing and approved its implementation on ground.
- The **Upcoming Projects** which included projects related to the CPZ-Neemach Kheda, Retrofitting projects (one AWC & One PHC), Organizing 2nd Urban95 Udaipur Kids Festival were presented with their tentative cost & timelines. Further details are as under:
 - **CPZ Neemach Kheda** – The site was briefed along with the presented project progress on the preparation of the Detailed Project Report. PMU team

- o apprised on implementing semi-permanent design on a low cost basis (2 lakhs) to gauge the feasibility of developing the complete project. UMC Commissioner approved the implementation of the semi-permanent design.
- **Organizing the 2nd Urban95 Udaipur Kids Festival** - The committee acknowledged that the 1st Urban95 Udaipur Kids Festival organized last year was highly successful. The PMU team discussed the proposed site for organizing the 2nd Urban95 Udaipur Kids Festival. UMC Commissioner suggested exploring the possible CSR funding agencies (Wonder Cement, Hindustan Zinc Limited etc.) which can support the event along with the Udaipur Municipal Corporation as this event would serve as a platform for promoting activities related with the overall development of the children. Town Hall Garden was finalized as the potential site for organizing the event.
- o **Retrofitting Projects – One Aanganwadi Centre & One Primary Healthcare Centre – Sec 14, PHC and Indranagar Aanganwadi Centre** was finalized as potential sites under the retrofitting projects to be implemented under the Urban95 Phase-II. Executive Engineer UMC suggested avoiding the testing of the ideas (semi-permanent) as it was already checked during the implementation of the semi-permanent projects from Phase-I and it would also fasten the overall process in implementation of the activity which was agreed. This aimed to streamline the implementation process and reduce administrative burdens.
- o **Other Suggestions:**
 - **CCTV provision for child safety and supervision:** Recognizing the significance of child safety and supervision, the committee discussed the provision of CCTV cameras in relevant project areas. It was discussed that this measure would help monitor and ensure the safety of children participating in project activities to which it was assured by the representative of the Abhay Command and control Centre. Further discussions will be conducted to determine the specific locations and guidelines for the implementation of CCTV surveillance.
 - While UMC agreed on implementing two projects (CPZ – Ashok Nagar & Sensory Park) and implementing semi-permanent design at Neemach Kheda, they also suggested exploring CSR funding opportunities/private partnerships/budgets for activities like Urban95 Kids Festival.
 - **Tender Document** – With regards to the Tender document for all the implementation projects, it was discussed that as there is a formed committee
